## Introduction

The Floral Designers Society (Singapore) — a non-profit organization founded in 1997 — is proud and honored to present the 14th International FDSS Cup – Floral Designing Competition, held in conjunction with the Singapore Garden Festival 2026.

This year, the much-anticipated “LIVE” competition returns with two days of excitement. The Amateur Category will take place on Saturday, 4 July 2026, while the Professional Category will be held on Wednesday, 8 July 2026, both at Gardens by the Bay – The Meadow. Competition pieces will be on public display daily from 4 to 12 July 2026, until 10:00 pm.

The theme for the 2026 edition of the FDSS Cup centres on **“The Elements of Design.”** Upholding its strong commitment to floral education and excellence, FDSS continues to champion the artistry and professionalism of floral design. Each competition task will showcase and celebrate the fundamental elements that define exceptional floral artistry.

The year 2026 also marks a significant milestone — 20 years of collaboration between the Floral Designers Society (Singapore) and the Singapore Garden Festival. FDSS is deeply privileged and sincerely grateful for the invaluable and unwavering support of the National Parks Board (NParks), our esteemed collaborator and supporting partner since 2006.

FDSS remains steadfast in its mission to uphold the highest standards of floristry and to promote floral design as a recognized and respected profession through this prestigious international competition.

The competition is open to both local and international floral designers, subject to specific entry requirements. All participants will have the distinguished honour of having their creations evaluated by an esteemed panel of international floral design judges.

The top three winners will receive attractive cash prizes, trophies, and certificates of recognition. Additionally, three Merit Award recipients will each receive a trophy and certificate. As a special gesture, winners who are Singapore residents will also receive a complimentary one-year membership with the Floral Designers Society (Singapore).

### Task 1 – Free Standing Display

#### Theme: “LINES OF BEAUTY”

Create an original floral design that interprets the theme “Lines of Beauty”. This year’s focus is on the creative use of lines — both natural and constructed — to express rhythm, flow, and harmony within floral art.

#### Design Focus

- The design must prominently feature lines as a key visual and structural element.
- Participants may use materials such as strings, threads, wool, wires, reeds, vines, or grasses to emphasize line movement and direction.
- The integration of these materials should enhance, not overpower, the floral elements.

#### Creative Guidelines

- Designs should reflect originality, balance, and professional craftsmanship.
- The overall composition should demonstrate a clear interpretation of the theme — how lines can define form, lead the eye, and create emotion.
- Use of color, texture, and negative space should complement the linear expression.
- All floral materials used must be fresh and botanically identifiable.

#### Technical Requirements

- Arrangements may be freestanding or on a base, depending on competition category specifications.
- The structure should be stable, transportable, and professionally finished on all visible sides.
- No artificial flowers or foliage permitted.

- (iii) Competitor is required to bring ONE type of fresh foliage. The rest of the floral material will be provided on-site.
